PROFESSIONAL SUMMARY

Product Manager with 4+ years leading roadmaps, discovery and cross-functional teams in SaaS, fintech and proptech environments. I combine product metrics (North Star, AARRR, CAC/LTV) with agile delivery (Scrum, SAFe, Kanban) and quality assurance (QA strategy, UAT) to accelerate time-to-value. Known for stakeholder management, negotiation and change leadership, I have achieved efficiency gains of up to 25 % and conversion increases of 35 %.
